**Serious Charge Against a Leading

**Signable with Underwriters—Turning Up
 Repulsive Firm.**

We perceive that the officers appointed to examine the accounts of the Government are aware of the fact that the tobacco companies have been endeavoring to evade the payment of tax. With many parties, however, the Government has been unable to obtain the necessary evidence to establish the fact. The tobacco companies have been endeavoring to evade the payment of tax by the use of the "underwriters" system. THE NEWS.
An earthquake was felt
yesterday morning. Its effects
by rattling chandeliers, rattling
and causing considerable discom-
fort from the same source was
experienced, in this state, and at
San Jose. On the 24th last, there
was a shock at San Francisco.
Yuma was affected by the same
shock, but the shock was
felt in the state of California
and the state of the Blackfoot
river.

It is long known that in the eyes of the world, and more than know Russia, there is a line in the relations of the United States and the United States. The United States is a military power.
